

Premium Email Archival Summary

Archiving Solutions for All Needs

Premium Email Archival is an easy and effective solution for businesses that are required to monitor, store and retrieve company email messages in order to comply with electronic security regulations, such as GLBA, NASD 3010, and the Federal Rules for Civil Procedure. Premium Email Archival minimizes the cost and risk associated with non-compliance, loss of proprietary information and inappropriate employee emails. Premium Email Archival is LuxSci's featured alternative to our Basic Email Archival.

Highlights

About Premium Email Archival

- Meets federal compliance standards for businesses
- Easy controls work automatically when you send and receive mail
- Premium Message Archival: 1, 3, 5, or 7-year message retention
- Provides geographically redundant write-once read-many (WORM) storage for email
- Easy real-time searching and access to the archived messages.

Customers

Who is it for?

- Businesses and organizations that fall under compliance laws such as HIPAA, Sarbanes-Oxley, Gramm-Leach-Bliley Act (GLBA), NASD 3010, Federal Rules for Civil Procedure (FRCP), Securities and Exchange Commission (SEC 17x-4), SB1386, and others
- Organizations that need searchable archives
- Organizations that are concerned about confidential information in outgoing email

Third Party Solutions

Why go to an independent third party?

- Lowers the IT burden by transferring the work to us
- Removes conflict of interest issues associated with email archival
- Catches emails that are often missed with nightly backup systems

Packages

- Four options based on email retention

Prices and Ordering

- Minimum of 1 user
- Pricing is on a per-user, not per-address basis
- No setup fee, no yearly contract
